

Letter of Recommendation for Camille Monae

August 19, 2021

To Whom It May Concern,

It is my utmost pleasure to recommend Camille as an Intimacy Coordinator for future film and TV sets who are looking for not only professionalism but empathy and artistry in their craft.

We had an emotionally challenging scene that involved intimate partner violence, and Camille was able to turn the experience for the actors, and those on set, into an empowering and safe space. Camille used a variety of effective communication techniques depending on who she was speaking with and their role on set. She was clear and focused.

Not only that, but Camille was a last-minute replacement for another Intimacy Coordinator who couldn't travel due to covid. She did all of the above on very short notice and with a positive attitude. She ended up being one of my favorite people on set!

I believe that Camille's background in acting helps her to speak concisely to the task at hand. It's a rare find to discover someone so emotionally tuned-in yet still able to maintain high efficiency for logic, process and reason.

Camille is going to continue to do important and impactful work! I hope to work with her again soon.

Thanks,
Jen West
